

the cost-effective allrounder for all types of wood

Designed especially for the requirements of the joinery and carpentry trades, 1909 siawood has a semi-open grit coating that is perfectly suited to frequently changing materials, softwoods and hardwoods.

Advantages

- Economical allround product for wood sanding
- Highly versatile
- Perfect surface finishes thanks to TopTec
- Dust-free process: antistatic construction gives low dust formation on belt, workpiece and machinery
- Flexible, adaptable e-wt paper backing

Applications

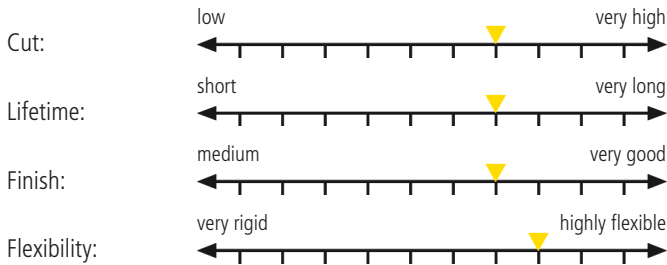

- Coarse sanding of solid wood and wood based materials
- Fine sanding of solid wood, veneer and wooden composites
- Keying and matting of primers and melamine sheets
- Intermediate sanding of varnishes

Product profile

Grit type: Aluminium oxide
 Backing: e-wt paper
 Coating: Electrostatic open bonding: resin over resin
 Equipment: TopTec

Properties

The following properties refer to the materials used in the main application:

Materials

Soft wood; Hard wood; Resinous wood; Priming foil; Melamine sheet
