

TGD-108 CBL

ERGONOMIC

NEW

TESTED ACCORDING TO

» EN 60204-32

The TGD-108 CBL cable remote control impresses with its ergonomic design and a sophisticated operating concept that offers maximum flexibility for a wide range of applications. It comes with an emergency stop as standard and can have up to 8 single-step pushbuttons as required. There is also the option of integrating an additional toggle switch next to the emergency stop. The labelling is customised in line with our customers' wishes.
